

# Akomanga Rima's Relationship Management plan

The relationship plan was created by the tamariki alongside Whaea Diane and myself. We have decided to call our plan 'Nga Ture o te Akomanga'. As well as being classroom rules, tamariki were aware of the purpose of these rules were to create a safe learning environment. We have 7 main rules but have also considered the school rules. The tamariki have brainstormed, acted out the rules to show understanding of these rules. Rules are displayed at the front of the class so tamariki can see them at any given time. Tamariki were very happy to stick with the whole school consequence of 'FAIR WARNING—PHONE HOME'. As a class we have discussed the types of behaviour that can lead to this consequence.

## Ngā Ture o te Akomanga

- Say positive comments to others (put ups, kind kiwis, magic manners)
- Respect each other and adults
- Keep you hands and feet to yourself
- Listen carefully when someone is speaking
- Look after your property and our class property
- Make sure you are ready and organised for school
- Stop, think, before you act.

## Consequence

FAIR WARNING—PHONE HOME

## Our Class Display

Tamariki have agreed to abide by our rules in order to have a safe learning environment, they have shown this by 'high fiving' our class room rules.
